## Cielo Farms Nursery

Cielo Farms Nursery is a brand new family owned business with 5 acres of lush beautiful flowers and trees, in the heart of the equestrian town of SW Ranches. This botanical paradise, is immersed with colorful gardens predominately Bouganvilleas of all colors. The nursery also has trees such as fishtail palms, and oak trees. The indoor showroom/barn has an assortment of indoor plants such as a variety of bromeliads, and orchids. We also have the sheep shed area with tiki bar for shade, that has lots of hay, water, and full access of 2.5 acreage for the sheep to roam freely during the day.

At the moment due to shortage in inventory and staff, we are by appointment only.

---
